

## Exchanging the corrupt power system

Is the BIS-Bank of Rothschild and Rockefeller in Basel the headquarter of the devil in Europa? With murder on children during Satan's feasts? (Insider reports!) Have we to intervene there and disassemble the store, arresting the 8.500 main-criminals there, the rover-billionaires, stealing and roving always more of our money? (according to Insider reports!)

roving not only money, but innovations worth many trillions in Euro-money with help of own RoRoH-people, infiltrated into the tops of some patent-offices, working with extreme betray, in order to hold the people poor and in order to use the innovations in their Multinationals so that they can harvest the benefits, an indirect way of stealing money and widen their influence in the whole economy ?

(99.5% of all citizens don't have sight on these happenings. The new World Patent Office WPO / Weltpatentamt WPA, with a new patent right, founded in 2018, does not tolerate said betray-groups and is calling the honest patent examiners in the offices to tag the deceivers with their insider knowledge and build a front against them. The WPO is coming to check the tagged persons with the EEG-Memory-Test, [www.DeC.jaaaa.net](http://www.DeC.jaaaa.net) . Cheated inventors are supporting the WPO to make a new start and to let the society profit from great innovations a. coming and b. suppressed or vanished, now digged out, now coming back. The oil-industry will not be amused!),

the BIS-Bank and its branches, establishing with the roved money more control over the citizens by paying their underground Guerrilla

crews, by funding media-campaignes to support their Trojan Horses Merkel-Kasner-Kasmiercak-Hitler, Macron and Rutte, now in growing trouble by attacks of Jellow-Vests?

Is Angela Merkel a direct daughter of Hitler? Is she Angela Hitler? We cannot let this unchecked! Is she Angela Hitler? (Insiders say: "YES", and anatomic comparison supports it: forehead, ears, eyes, cheek, mouth, chin, lips with extremely small upper lip exactly the same form! And the nose is similar. Are these same bodyforms accidently the same of inherited from father Hitler?). We, the Jellow Vests of Europe, and we, the scientist-group inside the Jellow Vests, ask urgently for a DNA-comparison of Merkel and Hitler. Within some days the result can be present. No more speculations! Then we know the facts.

Are you determined to get to know the facts? We are! Join! Weekly demonstrations of Jellow Vests are fine. But gathering such facts additinally will fasten the process of exchanging the satanic power system by an honest power system.

Has the BIS-Bank of RoRoH in Basel to be disassembled?

President Trump of Amerika has done a first step:

on 3.2.2019 he arrested one of the worst figures of the BIS-Bank, the billionair-satanist George Soros in his big house near to the BIS-Bank. Children in cages were found and parts of dead children, proving all the reports of insiders.

Trump has also arrested leading figures of deep state in USA, Bush jun., Obama, the Clinton's, Cheney and... and ... and. 17.000 wrong doers are accused. The judges found Bush jun. guilty for 9/11 and the Iraq war, devastating Middle-East, flushing Europe with refugees. Bush jun. confessed and agreed to be executed for this mega-crime. Several traitors and sources of mega-damage for the

society are already executed. Legally.(We stay getting these and more insider-information from our Zublick-Source. The main Media don't have direct access to these information according to the strategy of the Trump-administration)

Time is changing! Until now the RoRoH-people condemned opponents, honest citizens, to death, silently illegally, sending out killers to kill them from behind, hiding nearly each murder by letting appear it as an accident or an heart-infarct, murdering many many times, much more than is known to the citizens. Many inventors became their victims. By that the murderers tried to protect their industries against game changers on the fields of technology. By silent and hidden murder-activities during 2 and more centuries the small group got as strong or stronger than the big group of citizens, conquered fortunes, conquers power seats in organisations, in power organs (police and courts), in parliaments and governments (Bush sen., , Bush jun., Clinton, Obama, Merkel?, Macron?, Rutte? Timmerman? Junker? And ... and ... and . ). They are present in many places, playing their tricky games. Too often the same games. People have learned to recognize them and the game-players.

Now time has come that they themselves are the target and must pay attention to that in USA and further countries with death penalty for crimes. Death penalty for Mafia.crimes.

It's up to Europe now, it's up to us to organize the total disassembling of the satanic power BIS-Bank by our honest legal powers police and if necessary special forces, which are much bigger than those of the brutal satanic dwarf (2%-4% against 96%-98%) with ppp-disorder inside, giving him his dangerous special damage-maker- and killer-qualities. Science has revealed that his qualities are disease-dependant.

Scientists stay thinking, that the disease can be healed. Therefore killing sick criminals should be an exception, restricted to cases of self-defence and prevention to be enslaved totally by invaders with an army (war-case).

During centuries the hereditarily ppp-sick dwarf has been busy to steal beauty and intelligence from his host nations. Guerrilla-men of the dwarf tried to marry beautiful and intelligent women of the host nation, often successful, and infected the children of these couples with the invisible ppp-disease. So the new generation of the ppp-sick people were better adapted to the host nation, in regard to bodyforms and beauty and intelligence. So the Bushs, the Clintons, the Morgans, the Rothschilds and Rockefellers are not ugly, but possess beauty and intelligence and are at the same time incredibly ppp-sick, able to blow into the air 3000 persons , 9/11, then getting in a state of great happiness because of the „success“ of their action, because of the success of their prank. A mixture of playing children and tremendous poisonous drakes. Irrational creatures. Products of a bad gene-mutation. The damage-constriction-program of healthy kids is damaged, does not run. They can make damage without end, without changes in their inner happiness world. Success of their prank is all, what they are able to see in this mind state.

The wiggle-types, which can be found in this strange world also, can be explained as people with an hampering (wiggling) dcp-damage-constriction-program --- when running they get remorse, when falling out they start with bad pranks again.

The 100% ppp-sick people don't have a conscience, get never remorse. They are the most dangerous persons.

Lots of them are poor and stupid people, willingly following the orders from above, from their group-chiefs (embedded in the hierarchic RoRoH- organisation).

Some of them are bundles of positiv qualities, with many skills (as technicians, as scientists, as artists, as writers, as politicians), with a big minus in front : ppp-disorder, therefore misusing all their qualities en ... enjoying it deeply. Very dangerous people! They did not choose for that. They inherited it. They got it from fate. And nobody knows, what they will get in their next life. So don't be too quick with your over-all-judgement.

Everyone deserves respect. But as far as they are dangerous, they have to be isolated to avoid (more) damage.

Taking the ppp-disease out of these gene-mixture will make them beautiful and intelligent people. Thus science should try to get this done.

Power-technique is mainly control-technique. We shall start using modern control-techniques : DNA-tests and the EEG-based Memory-test. Merkel, Macron and Rutte must come to the Memory – test. [www.dec.jaaaa.net](http://www.dec.jaaaa.net) Detecting the disease ppp-disorder in full strenth is very often the same as detecting a criminal.

MMR have a fair chance, if they are not, and they have no chance, if they are well parts of the Satanic circle of the BIS-Bank.
