WorldSolution Honesty in Politics, part 1, uses the discovery of science, that 90% of all difficulties of mankind are caused by a gene-defect, inherited by today 150 million people (2% of all), making them invisibly cheating aggressors and killing aggressors, skillfully playing “bad pranks” with the rest of mankind permanently. The sick group has roots in the Huns Nation (known: Attila, the Hun, the killer-king) and is organized today in the big underground entity “deep state”, with criminal bankers and billionaires in the hidden top. Since 2020 the dragon deep state is playing the biggest killer-game ever, the undeclared war WW3, with aim to kill 6 billion people of 7 billion, living now on earth. They call it “depopulation”..

Part 2 of WOSO-POL is the test TT. Science has created this test, which makes the hidden difference between honest and cheater politicians visible in minutes. Different intentions, different soul structure. With TT we can exclude groups with bad and sick soul structure easily. Honest integer soul structure: intention to help, to serve. Bad sick soul structure: hidden intention to damage, caused by said gene-defect. If applied, TT solves the deep state problem at once. Without this modern technology however there is no way to clean politics. Mankind can perish in WW3.

Citizen-Power (smart union of bright citizens with a lot of brainpower) has to set up a section of WOSO-POL police in each country, under an internat. headquarter, cleaning the power organs of the nations from killer-gene carriers, using TT. TT is a quick and simple test. And powerfull. TT is genial.

www.we-can-win-WW3.jaaaa.net

We can win the undeclared WW3-war, which was started in 2020 by the worldwide biggest group with bad sick soul structure, an inside enemy in sheep’s clothing, called deep state: Using TT, international WOSO-POL-Police can find and exclude them easily. Without modern science and modern technology however this is nearly impossible, proven in the longest past:

Look how the killer-groep deep state is killing and conquering:

Until now they have been using psycho-weapons, lies, fear, brain-washing, cheating, to hound halve blind people with lack of intelligence, believing in and relying on authorities, into their traps. And camouflied biological weapons, camouflied as vaccinatins. In the near future they intend to add attacks with killer-famine and fire storms, burning down our big cities. TT is our most needed defense weapon to hit their weakest point fast and win the war.

We are acting legally and peacefully. We are warning people with BIG-strategy (see BIG.jaaaa.net), bypassing the criminal MSM-media of deepstate. Warning society and making known modern technology (TT) is a legal activity. Join one of our BIG-groups, coming on bicycles to known places, spreading info-folders (as this one) in x-form in seconds and leaving at once.

WorldSolutions-Energy

WorldSolution energy supply. Cheap clean energy for all

Solution 1. Gridless current generator, using fieldpotentials in vicinity to let electrons flow and accumulate in one direction until high voltage. An electric heat pump, with 50 times more efficiency than the mechanical heat pump.

Developer: Nicola Tesla. Time 1932. Tesla used his current generator in a box of 60 x 20 x 25 cm to let run his car with electromotor until 150 km/h.

Invention was robbed by deep state via deepstate-billionair C.G.Morgan in 1934.

Replicaters of Tesla's current generator were murdered secretly.

Solution 2. Gridless current- and H₂-generator, using fieldpotentials in vicinity to let electrons flow and accumulate in one direction until a certain voltage, using the current and fieldpotentials in vicinity then to split water in a *cold* electrolysis, using H₂ then as fuel to drive a "water-car".

Inventor Stanley Meyer, USA. Time 1997.

The inventor was murdered (poisoned) by deepstate. His entire lab was robbed the next day. Photos and videos of his functioning inventions are available.

Solution 3. Flying windmill Stormbird. Stormbirds are able to extract 1% of the energy of high level wind in 1000 until 3000 m altitude, while cruising over the coast regions of the sea. High level wind contains 200 times the energy need (EN) of mankind (compare: sun radiation to earth contains 6000 EN). So Stormbirds can gather 2 times of our need, 2 EN, enough for 2 planets.

International experts have judged the technology, given it the international DSM-innovation award in 1999/2000, stressed potential and importance. In spite of that (rsp. because of this, meaning threat to deepstate-positions in the energy market, oil-industry ...) deepstate is cutting off money to build Stormbirds and sabotating progress.

Inventor: Gunt Niessen. Time 1998 -2006. 2006 fully developed.

Successless murder trials on inventor, while advocating his invention in later years publicly: 10.4.2011, jan./febr 2017, 22,9.2017 (inventor badly injured), 2.10.2020.

The sick dragon never stops to use his special weapons. www.woso-en.jaaaa.net

WorldSolutions-Food

WorldSolution food supply. Enough cheap food for all

There is a plant, that floats on the water, which doubles its biomass each 3 days, with enough sunshine and nutrients: Duckweed. Ducks and swans eat it. Humans and cattle cannot handle certain components. Therefore our body refuses it. However, variants of the plant can be created without the disturbing components, using gene-technology, In the univ. Wageningen in NL a project is running. But silence. No progress. Deep state is standing on the brake. Deepstate-billionairs intend to use famine for depopulation in WW3. So a rich source for food is unwanted now. 80% of all citizens have no idea, who it is, deep state, the hidden dragon, manipulating in the dark. Dangerous blindness !

The biggest problems are solved But deep state, the sick gamer dragon with dppp-disease, is sabotaging realisation of the solutions

**So we have to find a solution for one of the last big problems:
deep state itself. We have to start a big healing project.**

**The Honest parts of the armies of all countries with task to
defend the society, also *against big inside enemies*, have to pave
the way. The dragon deep state is using extreme violence,
although camouflied, indirect and less visible extensive violence.
So our armed forces have to get active, police and armies,
to stop it.**

**Now the US-Army has set an important step: has arressted Dr. Fauci,
one of the architects of the Covid 19 fraud, starting WW3, starting
genocide, starting the biggest murderplan of deep state ever.**

**The caught Fauci confessed the fraud, confessed the intention to
kill 6 billion of 7 billion people on earth with biological and
further weapons (planned WW3-scenario: www.WW3-traps-revealed.jaaaa.net).
That can make collaps the whole cart house of deep state, give
the 150 million sick souls in our hands, enclosing the 3000
deepstate-billonairs. Then we can treat them with gene-
technology to make disappear the defect ppp-gene out the gene
pool of mankind. See here: Photo of Dr. Fauci in prison and
report.**

Fauci confessed Covid19 fraud Covid19 scam burst . Fauci in prison

The greatest fraud, the worst crime ever, is now revealed to all

Fauci, now in prison, has confessed, that Covid19 is a bio-weapon, made in the lab to pave the way for the “Covid19 vaccines”, the next bio-weapons, into the bodies of billions of people. 6 out of 7 billion people should die. Depopulation! The rest should become slaves of the attackers, slaves of 150 million Huns, undercover organized in deep state, led by 3.000 multi-billionaires, the bankers, who earlier used the alias “Jews“. These “money Jews” want(ed) to become the owners of the blue planet in the near future, with slaves for the work.

With tax money of the citizens, many billions, they bought from their own deepstate companies via their TrojanHorses in the governments big quantities really dangerous bio-weapons, camouflaged as saving vaccines, in reality killer vaccines with a built-in timer to let die all their victims at the same time, nobody too early so that the others are not warned. There are 4 nano-processors in the vaccines, which can set the time clock forwards or backwards via 5G. Multi-million citizens have already run into their vaccination trap, have let themselves inject (“vaccinate”). Increasing numbers, misled by the “vaccine”-promotion of the criminal press, intend to follow.

That is now bursting. Fauci, caught by US elite troops on June 1st, confessed everything. His computers with all the telltale e-mails about the Covid fraud are in the hands of the prosecutors. And extensive evidence of Biden's election fraud and Trump's election victory. The deepstate press is still hiding it. **Our BiG-flyers bypass the criminal press of deep state and spread the breaking news:** Fauci, the architect of the Covid fraud, in prison, has confessed.
